

Manufacturer: Grandstream

Model(s): GXP Range

Manufacturer's Support Pages: <http://www.grandstream.com/products/enterprisephones.html>

Before you can configure your Grandstream IP Phone, you will need to have ordered either a Free VoIP account or a Hosted VoIP account from us. You will also have received an email with your login details which you will need to configure your IP Phone. If you do not have this email you can also access the information in our Control Panel.

To configure your Grandstream IP Phone, please see the attached Configuration Guide
